Santa Claus

The North Pole

Dear Santa,

Subject: **application for the assistant position**

When I came across your flyer I immediately decided to apply for the position of your assistant.

The reason why I would be perfect for the job is that I love making children happy and have a lot of free time in the winter season. I love the work you do and Christmas is my favourite day of the year. When I was little girl it was always my dream to be by your side and help you.

I am a really creative person and love to make people smile. I am a specialist in wrapping presents and since I love animals, working with your reindeer would be a pleasure. I love doing crafts and building things, so I could help out with making the presents, too.

The only condition I have is a monthly box full of mangos because – as you probably remember from wish lists of years past – I love eating them. I feel it would be a fair salary for the hard work and effort I am going to put into my work.

I hope this letter convinces you of the idea of making me your assistant. Please write back as soon as possible. I hope you are well.

Kind regards,

Katharina M., 6B
