Santa Claus  
The North Pole

22 December 2022

Dear Mr Claus,

Subject: **job application**

I have recently stumbled upon your advertisement for the position of your assistant. I think this would be the perfect job for me and therefore am hereby applying for it as I have always been a big admirer of you and your work. Also, as a huge Christmas lover, I feel very motivated for this position. I also like working with animals and children and have work experience with illustrious individuals such as the Easter Bunny and the Tooth Fairy. Besides, I do not mind heights, the cold or long working hours, as long as the work I do is fun.

I think I would be very well suited to become an assistant of yours because of the following reasons: first of all, I would consider myself very patient, but also ambitious and striving to become better at whatever task it is that needs to be accomplished. Also, I would describe myself as cheerful and being able to spread joy among those around me. All in all, I think this would make me perfect for the position.

I would be willing to work in different locations, depending on your current whereabouts. During the holidays, I would be prepared to work for the entire day. Furthermore, I would be willing to start right away if transportation to the North Pole is provided. Concerning salary, I would expect to be paid with lots of love and happiness (and some toys maybe).

I enclose a letter of recommendation by the Easter Bunny himself, whom I had the privilege of working with before in the chocolate logistics department. I am looking forward to hearing from you at your earliest convenience.

Yours sincerely,  
Lukas D., 6B
